

# ANNUAL INDEX

## Chemotherapy

	Page
January	
Catechol amines: Part 1A, epinephrine	36
February	
Catechol amines: Part 1B, epinephrine	95
March	
Catechol amines: Part II, norepinephrine, isoproterenol	162
April	
The amphetamines	228
May	
Ephedrine	291
June	
The xanthines: caffeine, theophylline, and theobromine	352
July	
Monamine oxidase	415
August	
Monamine oxidase: inhibitors	479
September	
Dibenzazepine compounds	535
October	
Nonnarcotic analgesics: Part One; pentazocine	598
November	
Nonnarcotic analgesics: Part Two: mefenamic acid	666
December	
Nitrous oxide: Part One	724

## Clinical Conference

January	
The five common senses in diagnosis	30
February	
The rare case with a lesson	89
March	
Humor in the dental clinic	159
April	
Who are our elderly patients? Part One	222
May	
Who are our elderly patients? Part Two	284
June	
A ready-made diagnosis may be a hazard	349
July	
Quiz questions	411
August	
Single periapical radiopacities	470
September	
The adrenogenital syndrome in pedodontology	531
October	
If Sherlock Holmes had been a gerodontist	592

November	
Let the x-ray talk to you. Part One	622
December	
Let the x-rays talk to you. Part Two	718

## Clinical/Lab Ideas

January	
Benson, Daniel J.: Storage of Orthodontic Pliers. Peacock, William L.: Lubrication of Rotary Instruments. Barry, F. A.: Cement Removal. Smith, Patsy: Mixing Sticks	38
February	
Campbell, Larry D.: Aid in Finishing Dentures. Strickler, H. Orvin.: Custom Impression Tray. Kuttler, Miles E.: Periodontal Probe. Brigleb, Richard: Mixing Pads	98
March	
Browne, Linda L.: Storage of Laboratory Instruments. Barton, James A.: Emergency Facing. Maseredjian, Charles J., Jr.: Cleaning Mercury. Weinrich, Robert W.: Care of Nitrous Oxide Mask	164
April	
Sellen, Judy and Carson, Chris: Amalgam Scrap Dispensers. Friedman, Joe: Articulator Mounting Index. Kendall, Jane L.: Cleaning Prosthetic Appliances. Jennings, Helen: Catalyst Stand	232
May	
Robbins, William: Lubricating Matrix Bands. McLane, John E.: Relining Dentures. Bence, Richard: Occlusion Aid. Browne, Linda: Adaption of Disposable Saliva Ejectors	294
June	
McMahon, Patricia: Pencil Holder. Chappell, James R.: Improved Base Tray. Linn, Kittie: Bur Block Cleaner. Wender, Ronald: Pre-packaged Alginate and Stone	356
July	
Hernandez, Eva: Holder for Endodontic Instruments. Riely, J. W.: Seating Burs. Garcia, Carmen: Glass Defogging. Rager, Marcie: Spatula for Mixing Alginate	418
August	
Mangano, Michael: Framework Try-in. King, Lucile: Matrix Band. Dogen, P. A.: Reinforcing Baseplates. Gilbert, Frank J., Jr.: Stabilizing Dowel Pins	482
September	
Stanaback, Ann: Measured Containers. Levine, Bernard: Endodontic Markers. Wiedmann, Charles L.: Polishing Paste. McLane, John R.: Storage of Trays	538
October	
Maskal, Richard J.: Sectioning Models. Berman, Louis: Small Mixing Bowl. Lee, B. H.: Cotton	

Pellet Dispenser. Maskal, Richard J.: Quick Application .....	602
November	
Borkon, Bernard: Evacuator Tip Modification. DeFrancesco, Joseph L.: Inlays in Denture Teeth. Rager, Marcie: Cleaning Mercury. Haw, Timothy F.: Composite Shade Guide .....	668
December	
Wait, Linda: Handpiece Oiler. Rouse, Jean: Special Patient Records. Browne, Linda: Laboratory Cases. Cox, Lillian, Office Decoration ...	728

## Continuing Dental Education

January .....	40
February .....	100
March .....	170
April .....	237
May .....	300
June .....	362
July .....	425
August .....	488
September .....	540
October .....	604
November .....	670
December .....	730

## Crown and Bridge

Cavadini, P. Eugene: A distal cantilever bridge design, July .....	396
Cichino, P. H.: Technique for Crown and Bridge Abutment Impression and master cast construction, November .....	644
Ellman, Irving A.: Compression-formed plastic shells for temporary splints, June .....	334
MacGibbon, David J.: The failure of a porcelain fused to metal crown, September .....	520
Pens'ler, Alvin V.: Combined bite and impression technique, August .....	454
Rio-Leon, Humberto: Prosthetic parallelometer, December .....	706

## Dental Abstracts

January	
Pain control in patients with head and neck cancer; Proteolytic enzymes: Parotid swelling with masseter hypertrophy; Increased use of free gingival grafts; The composition and structure of salivary calculi .....	50
February	
The endodontic culture technique: a critical evaluation; Maternal anxiety and child behavior; Orthodontics and periodontology; Mandibular incisor relationship to the lower lip .....	114
March	
Emotional problems of aging; Dentigerous cysts; Deciduous incisors—injuries; Gypsum casts and tap water; Dental caries .....	166
April	
Bruxism; Inflammation; Complete denture-mouth examination .....	234
May	
Periodontal abscess—treatment; Lingual flange thickness of dentures; Which penicillin?; Anticariogenic adhesives; Prosthetic appliances—effect on mastication .....	296
June	
Dental care for the aged; Calculus removal; Homotransplantation-innervation; Cast-gold restorations; Placement of artificial anterior teeth .....	358
July	
Newer local anesthetics; Bone resorption from periodontal disease; Fluorides—distribu-	

tion and excretion; Temporomandibular joint disorders; Porcelain crown models—gallium; Dysgnathic abnormalities—mental retardation and associated disorders .....	420
August	
Removable partial dentures; Crown and the gingival tissue; Study of the dental arch of the Japanese and American adult; Diabetic patient management; Electrosurgery—endodontics .....	484
September	
Two-digit system for designating teeth; Primary teeth—overretention; Periodontics in practice; Root fractures—corrosion; Fluorides do not cause allergies, report finds .....	543
October	
Dental plaque-control; Insulating and base materials; Amalgam-marginal adaptation; Galvanism-effect on bacterial plaque, inaccurate conclusions .....	608
November	
Oronasal fistula; Gingivitis in addicts; Drug abuse; Cyanoacrylate resins with fluoride; Pins for amalgam restoration .....	673
December	
Post-extraction third molar sockets, Vacuum mixing of silicate cements; Resistant rickets; Periodontics; Mouth rinses—dental plaques; Fracture non-union .....	732

## Dental Materials and Devices

Lorencki, Stanley F.: Caution in the use of electro-ceplating equipment, October .....	582
Teixeira, Luiz C., Kammermeyer, Karl, and Johnson, Wallace W.: Method to determine distribution and concentration of mercury in amalgam surfaces (Abstracted by Irene Mary Wiggers), February .....	85
Winkler, Sheldon, Powell, Jeffery P., and Ortman, Harold R.: Ultraviolet absorbers in dental monomers, August .....	460

## Dentures — Full and Partial

Bramer, Max L.: The bite-stick denture as an aid in rehabilitation therapy: Report of a case, June .....	328
Jones, Harold S.: A method of securing the curve of spee for complete dentures, June .....	340
Paquette, Norman J.: Denture-base problems: How to locate and prevent them, May .....	280
Pipko, D. J.: Extracoronaral attachment design for removable partial dentures on contoured abutment retainers, March .....	142
Tucker, Kenneth M.: Personalized impression trays: Part One, February .....	70
Tucker, Kenneth M.: Personalized impression trays: Part Two, March .....	154

## The Editor's View

January	
Air pollution and respiratory disease .....	1
February	
Bacterial resistance to antibiotics .....	65
March	
Cholesterol and cancer deaths .....	130
April	
Blood type and cardiac disease .....	193
May	
Noise levels in dental offices .....	257
June	
Chronic alcoholism .....	327
July	
National health plans .....	391
August	

Disuse of drugs .....	449
September	
Scientific terminology .....	511
October	
Conquest of diabetes .....	565
November	
Increase in respiratory diseases .....	633
December	
Acupuncture .....	689

## Endodontics

Best, E. James and Grothaus, Bernard J.: Intra-oral bandage in endodontic surgery (Abstracted by Irene Mary Wiggers), January .....	29
Cossmann, Marshall H.: Unusual case of endodontic and restorative therapy, April .....	218
Ferranti, Palmyro: Technique for restoration of crowns in endodontic treatment, October .....	585
McPherson, James L.: Combined endodontic and dowel-type restorative procedures, January .....	16
Milobsky, Stanley A. and Milobsky, Louis: Horizontal flap design for periradicular surgery, April .....	206
Riggins, James W., Jr.: The case history of a root perforation and a method for its prevention, May .....	275
Waldman, Philip M.: Endodontic pins in vented gold post for rehabilitation, November .....	638
Wyse, C. R.: Rubber dam: Quick and easy, December .....	714

## Medical Abstracts

January	
Atopic eczema—children; Epiphyseal fractures; Hirsutism; Corneal injuries; Leprosy—nasal symptoms; Chronic bronchopulmonary disease; Pill-carbohydrate metabolism; Oral color changes from drugs; Diabetes—indirect self-destruction .....	54
February	
Tongue in diagnosis; Masses in the neck; Major spinal injuries; Carionomyopathy—alcohol; Gynecologic surgery; Extradural hematoma; Postmyocardial infarction syndrome; Inhalation of foreign bodies in children; Osteogenesis imperfecta .....	118
March	
Exercises—physical fitness testing; Bowel infarction—nonocclusive factors; Thyroid cancer—irradiation; Suicide—high-risk groups; Mortality rate—amputations; Decompression of facial nerve; Asthma .....	172
April	
Ulcer surgery in children; Acute appendicitis .....	239
May	
Hysterectomy—depression; Tuberculosis—symptoms; Lung disease—exercise; Marihuana—effects; Stress—irritable colon; Pregnancy—weight gain; Nasal function—headache .....	302
June	
Aortic valve replacement—elderly; Burned child—psychiatrist; Menstrual disorders—adolescence; Verrucae—treatment; Hemiplegic migraine; Rectal cancer—survival .....	365
July	
Craniosynostosis—early correction; Melanomas of upper respiratory tract; Kidney transplants; Cesarean section—fetal age; Severely burned children; Viral hepatitis; Drugs—ocular effects .....	427
August	
Stress fractures; Wound disruption—renal

failure; Skull fractures—bone restoration; Breast carcinoma; Renal cell carcinoma . . . . .	491
September	
Early detection of diabetes; Meniere's disease; Facial nerve repair . . . . .	548
November	
Dermatoses-self-induced; Furunculosis; Alopecias; Malignant melanoma; Port-wine stains; Goiter-Management . . . . .	676
December	
High fever—unknown origin; Snakebite; Prosthetic valves—care; Facial palsies—electrodiagnosis; Ectopic kidney . . . . .	736

### Miscellaneous

Budylin, S. M., Kolesnikov, L. L., and Polykov, V. V.: The topography of temperature indices of the oral cavity (Adapted by Irene Mary Wiggers), March . . . . .	153
Field, Rose: Nursing Homes (An Abstract), Adapted by Irene Mary Wiggers, May . . . . .	293
Reading for the professional	
January . . . . .	23
April . . . . .	211
August . . . . .	459
December . . . . .	713
Wiggers, Irene Mary: Dental-medical team helps to revise Egyptian history (An Abstract), March . . . . .	141
Wiggers, Irene Mary: Dental Milk Foundation (An Abstract), September . . . . .	527
Wiggers, Irene Mary: Statement on Mercury in Dental Practice; December . . . . .	705

### Oral Pathology

Hatziotis, John Ch., Trigonides, G., and Papanayotou, P.: Benign pleomorphic adenoma of the cheek: Report of a case, February . . . . .	75
Pillai, R. Ramanatha: Amelogenesis imperfecta: Report of a case, May . . . . .	268
Pillai, R. Ramanatha: Pigmented nevus of the oral mucous membrane: Report of a case, June . . . . .	344
Pillai, R. Ramanatha and Kaur, Manjit: Ectodermal dysplasia— Clinical manifestations of the two major forms and report of a case, August . . . . .	463
Srivastava, Y. C., and Mathur, M. N.: Toluidine blue staining test for early detection of oral cancer: An adjunct to biopsy, July . . . . .	400
Winkler, Sheldon and Jung, Evelyn L.: Cleidocranial dysostosis: Report of a case, January . . . . .	24
Winkler, Sheldon, Jung, Evelyn L. and Nentwich, Roland G.: Cementoma: A review and case history, November . . . . .	650

### Oral Surgery

Anderson, Allen W., and Massler, Maury: Periapical tissue reactions following root amputation in immediate tooth replants (Adapted by Irene Mary Wiggers), March . . . . .	147
Bacchi, Jerome G.: Bilateral radicular cysts of the maxilla, February . . . . .	86
Rio-Leon, Humberto: Surgical injury of the inferior alveolar nerve: Report of a case, March . . . . .	148

### Orthodontics

Ravins, Harold E.: Orthodontics for adults: Part One: Functional rotation concept, September . . . . .	512
Ravins, Harold E.: Orthodontics for Adults: Part Two: Preventive orthodontics, October . . . . .	570

Ravins, Harold E.: Orthodontics for Adults: Part Three: Indications and Procedures, November . . . . .	654
Vande Voorde, H. E.: Functioning supernumerary mandibular premolars: Report of a case, July . . . . .	392

### Periodontics

Alperin, Norman S.: Periodontal surgery performed in a hospital with the patient under general anesthesia, February . . . . .	80
Denehy, Gerald E.: Posterior splinting with the composite resins, December . . . . .	694
Kalis, Paul J.: Gingivectomy: Its use and abuse, May . . . . .	262
Rapp, G. W.: Some physiologic responses to high-speed handpiece noises, March . . . . .	136
Spiller, Willard F.: Clinical evaluation of calcium therapy for periodontal disease, September . . . . .	522
Vande Voorde, H. E.: A free-split thickness palatal mucosa autograft providing attached gingiva, Report of a case, January . . . . .	6

### Physiology

Balogh, Karoly: Mastication and Aerophagia, October . . . . .	590
Cooperman, Harry N., Curley, Robert F., Wallace, John D., and Edeiken, Jack: An evaluation of bone demineralization for dentistry, January . . . . .	10
Cooperman, Harry N., Wallace, J. D., and Neringer, R. E.: Orthopedic gait of the mandible: A factor in dental diagnosis, April . . . . .	212

### Restorative Dentistry

Jackson, W. H., Jr.: A die separation short cut, September . . . . .	528
Kirkham, Dan B., and Herman, James: Conservative approach to selected cases of anterior fractured teeth, December . . . . .	700
Ricciardi, Anthony: Fixed prosthesis employing endosseous blade implants, April . . . . .	198
Willand, Lawrence: A practical approach to gingival retraction using a loop former and loop sizing instrument, July . . . . .	404

### What's New

January . . . . .	42
February . . . . .	102
March . . . . .	180
April . . . . .	241
May . . . . .	306
June . . . . .	370
August . . . . .	494
September . . . . .	550
October . . . . .	616
November . . . . .	678
December . . . . .	740
